

*"Solutions you can understand"*

EHL is in the business of helping our clients **Attract, Protect** and **Retain** their most important asset - people.

**How do we work?** Results are achieved through a strategic approach to employee benefit planning which focuses on our client's specific needs. Consulting is provided on a functional basis to design and implement a customized Total Benefits Plan™ that meets compensation goals and bottom-line expectations.

*"You took the time to explain what was going on in the industry and to help us find **competitive plans** for our employees."* Midas Auto Service

*"With this new program, we anticipate **significant refunds** to reflect upon our commitment to employee safety."* Fairbank Construction Company

**With the EHL Total Benefits Plan™ our clients experience:**

- Reduced administrative burden, enhancing productivity and profitability
- Relationship management within the employer's overall compensation goals and cost parameters
- Human Resources consulting and online toolkits
- Cutting-edge technology and easy to use value added services
- Improved retention of the very best employees
- Ongoing, professional evaluation of market trends and cost containment strategies
- Platforms for effective employee engagement through customized education
- Regulatory compliance
- Custom designed employee benefit surveys and analysis

EHL works to improve **Return On Investment** for your benefits program.
